**VILLAGE ROADSHOW BUYS AMALGAMATED'S 50% STAKE
IN ROADSHOW FILM DISTRIBUTORS****Immediately earnings per share positive**

Village Roadshow Limited (ASX: VRL) today announced that it has concluded an agreement with Amalgamated Holdings Limited (ASX: AHD) to acquire AHD's 50 percent shareholding in the Roadshow Distributors Group ("Roadshow"). Consideration for the purchase is A\$95 million net of shareholder loans owing by AHD of \$34.4 million which will be repaid by VRL. The purchase price will be funded out of VRL's existing cash reserves and undrawn credit facilities.

Upon completion of the acquisition, Roadshow will be a wholly-owned subsidiary of VRL, which will have an immediate positive impact on VRL's cash flows and earnings per share.

VRL Chairman, Mr John Kirby said: "VRL was one of the founders of Roadshow which is part of the group's heritage. We are delighted to move to full ownership of this business which we know well and have great confidence in its future."

VRL CEO, Mr Graham Burke said: "This is an excellent opportunity to consolidate our interest in a very successful business which has achieved strong and consistent growth over the past few years, generating annual EBITDA levels in excess of A\$40 million on total sales of almost \$400 million. In the 2007 financial year, Roadshow achieved a 21 per cent share of the Theatrical market and a 15% share of the DVD retail market. "Happy Feet" was the all time highest selling Australian film on DVD with sales of over 437,000 units to date.

"Following on from the Australian Theme Parks move to 100% ownership by VRL and its positive impact on earnings last year, the consolidation of Roadshow into the group is also expected to be a major milestone in improving the transparency and earnings of VRL's operations."

"Amalgamated Holdings have been wonderful partners over the last 20 years. Under our joint ownership, Roadshow grew into the powerhouse it is today becoming Australia's largest independent film distributor for cinema, DVD and television. Amalgamated have been outstanding contributors to this business," Mr Burke said.

In a separate statement, AHD said that it was selling its interest in Roadshow in order to more fully focus its investment strategy on its core businesses.

The long term distribution agreements with Warner Bros and New Line which have been the cornerstones underpinning the profitability of Roadshow will continue. These relationships, together with the ABC and BBC DVD distribution, have contributed significantly to Roadshow's performance over many years.

Mr Burke said that Roadshow has continually grown through the past four decades by embracing new technology and by exploiting new media platforms, and under our 100 percent ownership the business will continue to be an integral part of the VRL group, complementing VRL's interests in cinema and film production.

"VRL will continue to diversify Roadshow's activities to pave the way for new growth opportunities. These opportunities will include Australian Film Production, internet, pay per view and video on demand," Mr Burke said.

Upcoming films to be distributed by Roadshow in the current year include the September releases of "The Brave One" starring Jodie Foster and "Hairspray", "I am Legend" starring Will Smith in November and "The Golden Compass" in December. "Speed Racer" directed by the Wachowski's (The Matrix trilogy) will be distributed in mid 2008. High performing DVD titles include "The Wiggles", "Little Britain", "Kath and Kim" and "Thank God You're Here".

UPDATE ON 2007 FINANCIAL YEAR RESULT

Village Roadshow Limited ("VRL") today announced an update to its expected group profit after tax for the 2007 financial year. Previous profit guidance was approximately \$41 million however final quarter trading in most Divisions was stronger than anticipated resulting in a revised Net Profit after Tax forecast of \$52 million prior to the following particular items.

In the 2007 financial year, VRL moved to a 100% equity holding of its Theme Parks and the Sea World Resort. Due to very profitable trading from this, and other divisions, the VRL Group's consolidated taxable income has increased. As a result, available group tax losses are now likely to be utilised in the short to medium term. Management has completed an internal review on the availability of group tax losses against expected future group profits. This review has led to the recognition of tax losses not previously booked and other tax adjustments, totalling \$37.7 million, which will be credited to the Income Statement in the 2007 financial year.

VRL further advises that its Film Production Division (VRPG) has reached agreement with its studio partner, Warner Bros, to close off the second portfolio of films at the end of August, 2007. The impact of this agreement will include closing off Portfolio 2, and will lead to the booking of an overall film exploitation loss of approximately \$45 million. This loss is required to be recognised in the 2007 financial year.

The strategic decision to close Portfolio 2 will help facilitate VRPG's pursuit of growth opportunities, including the potential diversification or merger into the music industry as previously disclosed to the market on 3 April, 2007. VRPG is currently in negotiations relating to a transaction in this regard.

VRPG's Portfolio 1, which includes *The Matrix Trilogy*, will continue to recognise profits over its expected life. In accordance with the VRL portfolio accounting policy which follows Australian accounting standards, these remaining unbooked exploitation profits are estimated at \$25 million on a discounted cash flow basis.

The new portfolio (Portfolio 3) will commence with the September 2007 release of *The Brave One* starring Jodie Foster and is expected to contain 20 plus films. Future films will include *I Am Legend* starring Will Smith, *Get Smart* starring Steve Carell and *Speed Racer* directed by the Wachowski brothers (of *The Matrix* fame).

VRL Chairman John Kirby stated he is looking forward to continuing the successful film production partnership with Warner Bros with a new slate of films.

After taking into account the overall impact of the above items, VRL's Net Profit after Tax for the Year ended 30 June, 2007 is now expected to be approximately \$45 million.

PROFIT TURNAROUND FOR 2007

- Theme Parks, Cinemas and Radio drive \$45.1 million net profit after tax
- EBITDA growth of 35% to \$224.8 million
- Strong underlying divisional trading results

Village Roadshow Limited ("VRL") today announced a net profit after tax of \$45.1 million for the year ended 30 June 2007 compared to a \$40.7 million loss in the prior year.

VRL also reported a significant uplift in EBITDA, which increased to \$224.8 million, 35% up on the prior year level of \$165.9 million.

Announcing the result, VRL Group Chairman Mr John Kirby said: "The strong performance in Theme Parks, Cinemas and Radio have driven earnings and provided the Group with significant cash flows. These cashflows combined with the strength of the Group's balance sheet position us well to take advantage of expected opportunities to grow our core businesses in the future, delivering further benefits to shareholders."

"We are also well placed to increase our ownership positions in existing businesses where the business fundamentals suggest this course of action would create value for shareholders – as we have done with Theme Parks and Film Distribution."

Highlights

- Significant uplift in EBITDA from trading to \$224.8 million.
- Net profit after tax of \$45.1 million for the year ended 30 June 2007 compared to a \$40.7 million loss in the prior year.
- Exceptional trading from Theme Parks, Cinema Exhibition and Radio. Most divisions trading above or in line with prior year results.
- Operating profit after tax, excluding one-off material items and discontinued operations totalled \$37.2 million, compared with an after tax profit of \$17.6 million for the prior year.
- Special dividends and capital returns to shareholders and share buy backs during the year totalled \$191.0 million.
- A fully-franked dividend of 9 cents per ordinary share and 12 cents per A Class preference share to be paid on 6 December 2007
- Film production Portfolio 2 was closed to help facilitate the pursuit of growth and diversification opportunities for Village Roadshow Pictures Group (VPRG)
- A new strong slate of films in Portfolio 3 commencing with *The Brave One* starring Jodie Foster, followed by *I Am Legend* starring Will Smith, *Get Smart* starring Steve Carell and *Speed Racer* directed by the Wachowski brothers (of *Matrix* fame).
- Advanced negotiations proceeding favourably for a merger of the Film Production division with a leading company in the music sector.

VRL Group CEO Mr Graham Burke said: "The current year's result reflects an outstanding result for Theme Parks and Radio, a significant upturn in our Cinema Exhibition results, on track profitability in Film Distribution but a disappointing performance in Film Production which we expect to pick up in 2008."

"Theme Parks performed strongly, achieving a \$40 million operating profit under 100 percent ownership versus the comparative prior year result of \$29.6 million after allowing for ownership changes."

"This validates our decision to purchase the balance of the Theme Parks and Resorts operations early in the financial year."

"Cinema Exhibition has benefited from the international rationalisation, as well as several highly successful film releases during the second half, tripling operating profit to \$13.6 million. Our investment in Austereo also continues to reap rewards for us through its ongoing strong ratings and market share performance delivering VRL \$15.7 million in dividends during the year."

"The Film Distribution division continued to lead the market, delivering operating profits of \$15.3 million, in-line with expectations, reflecting a successful stable business. The move to 100% ownership of this business by VRL, announced on 15 August 2007, means the VRL group will further benefit from this division's strong profit and cash generating abilities in future years."

"Our core businesses continue to benefit from a strong focus on improving sales margins, exercising cost restraint and managing operational cash flows. This enables us to also turn our consideration to new opportunities, such as Gold Class USA and potential Theme Park opportunities, both here and overseas," Mr Burke said.

Outlook

The first two months of the new financial year point toward continuing strength in our core businesses.

"Underpinned by a strong balance sheet, we are well placed to pursue opportunities to add value for shareholders," Mr Burke said.

OPERATIONAL OVERVIEW

Theme Parks

During the first half VRL completed its acquisition of the remaining 50% of the Theme Parks assets from Warner Bros. and the remaining share of Sea World Resort (formerly Sea World Nara Resort).

Operating profit before tax for the Theme Parks division was \$40.0 million (100% owned), compared to \$7.8 million (mainly 50% owned) for the prior year. Allowing for the change in ownership the comparative prior year result was \$29.6 million.

The improvement in the underlying business can be attributed to increased attendances at all Parks following the implementation of several innovative marketing campaigns and better margins through micro-management of cost controls. Also contributing to the result was the successful trading of the Australian Outback Spectacular attraction in its first full year of operations.

Warner Bros. Movie World's attendances increased by 5.8% compared to the corresponding prior period following the introduction of new attractions such as *Superman – The Ride* and *Batwing*.

Sea World's attendances increased by 6.9% compared to the corresponding prior period. New attractions at this park included the new dolphin show *Imagine*.

Wet 'N' Wild Water World generated outstanding growth in attendances, being 18.8% up on the prior corresponding period. New attractions during the year included the opening of the new *H2O Zone* including the amazing *Tornado*. This Wet 'N' Wild increase was particularly pleasing as a new competitive water park opened in mid December last year. Wet 'N' Wild achieved a major milestone in its history this year with its attendances passing the one million mark for the first time.

Sea World Resort improved significantly with average room rates up 10.6% and occupancy rates also up 2.8% on the corresponding prior period. The Resort has benefited from increased synergies with the Theme Parks and improved joint marketing campaigns with VRL's other attractions such as Australian Outback Spectacular.

The new Australian Outback Spectacular attraction continued to trade above expectations since opening in April 2006 with occupancy running at over 95% of capacity. In the June 2007 quarter, attendances were up 9% against the June 2006 quarter.

Film Production

Operating loss before tax and one-off material items for the year ended 30 June 2007 was \$55.8 million compared with a profit of \$1.1 million in the prior year.

As announced on 16 August 2007, our Film Production Division (VRPG) closed off its second portfolio of films at the end of August, 2007. This decision, taken in agreement with our studio partner, Warner Bros, led to the booking of film exploitation losses of approximately \$45.0 million which are included in the above result.

This strategic decision allows VRPG to pursue growth opportunities with a new slate of films (Portfolio 3), commencing with *The Brave One* starring Jodie Foster, followed by *I Am Legend* starring Will Smith, *Get Smart* starring Steve Carell and *Speed Racer* directed by the Wachowski brothers of *Matrix* fame.

Portfolio 1, which includes the *Matrix* trilogy, will continue to recognise profits over its expected life. In accordance with the VRL portfolio accounting policy which follows Australian accounting standards, these remaining unbooked film exploitation profits are estimated at \$25 million on a discounted cash flow basis.

Also included in these results were unrealised interest rate hedging results, (a loss of \$9.4m in the current year and a gain of \$8.0m in the prior year).

The company has co-financed an Australian feature film, *Rogue* (late August 2007 release). Any profits or losses relating to this film will be brought to account separately as it is not part of the film portfolios.

Film Distribution

The Film Distribution division performed in line with expectations. VRL's 50% share of the division's net profit after tax totalled \$15.3 million compared to \$16.7 million in the prior year.

Roadshow Films has continued to enjoy a leading market position, achieving a theatrical market share of 21% and remains the largest independent film distributor in the marketplace, with strong partners such as Warner Bros., Village Roadshow Pictures, New Line, ABC, BBC and The Weinstein Company. It is also well placed to exploit opportunities in both existing mediums and emerging technologies, such as Video On Demand and Electronic Sell Through.

Films to be distributed by Roadshow in the coming year include the September releases of *The Brave One* starring Jodie Foster and *Hairspray*, *I Am Legend* starring Will Smith in November and *The Golden Compass* in December. *Speed Racer* directed by the Wachowskis (*The Matrix* trilogy) will be distributed in mid 2008.

Roadshow Entertainment is the DVD market's leading distributor and has performed exceptionally well principally due to a continuing focus on cost reduction and improved margins. The results also reflect strong sales from titles such as *Happy Feet*, *Memoirs of a Geisha*, *Brokeback Mountain*, *Music and Lyrics*, *She's the Man*, *March of the Penguins*, *The Lake House* and *Hoodwinked*. *Happy Feet* in fact achieved a key milestone, being the biggest selling Australian DVD ever at 437,000 units in under 9 weeks of release. TV programming on DVD has continued to increase in popularity with *Thank God You're Here*, the BBC's *Little Britain* and *Planet Earth* and the award winning *Love My Way* all exceeding expectations.

Roadshow Television was similarly impressive, with full year sales results well above expectations predominantly achieved through increased licence fees from our successful investment in The Movie Network and strong gains in Pay-Per-View revenues from Foxtel's Box Office. Revenue from our NZ licensing arrangements with both TVNZ and SkyNZ also exceeded expectations.

On 15 August, 2007, VRL announced its acquisition of Amalgamated Holdings Limited (AHD's) equity ownership in the Roadshow Group. This acquisition took VRL's ownership of Roadshow from 50% to 100%, taking the business from an associated entity to a wholly owned subsidiary. Consideration for this acquisition was \$95 million, net of shareholder loans owed by AHD of \$34.4 million.

Cinema Exhibition

VRL's share of operating profit before tax for the year to 30 June 2007 was \$13.6 million, excluding discontinued items, compared to a profit of \$4.3 million in the previous year.

Cinema Exhibition's second half results were a marked contrast to the first half, with second half operating profit before tax of \$14.5 million, compared to a first half loss of \$0.9 million. This turnaround was due primarily to product offerings in the two halves. Second half releases included a significant number of big titles, including *Happy Feet*, *A Night at the Museum*, *300*, *Spiderman 3*, *Ocean's 13*, *Shrek the Third*, *Pirates of the Caribbean – At World's End* and *Fantastic 4 – The Rise of the Silver Surfer*.

Thanks to this suite of blockbusters, all territories improved their profitability from the prior year. In Greece, the territory has transitioned from its original old style cinemas to the new "Village World" concept including **max™**, Gold Class and other complementary revenue streams such as cafes and bowling.

Post 30 June 2007, further strong results have been generated through *Transformers*, *Harry Potter and the Order of the Phoenix*, *The Bourne Ultimatum* and *The Simpson's Movie*.

During the year, VRL completed the sale of its New Zealand, Fiji and Italian cinema circuits and exited from its two Austrian cinemas. VRL also disposed of all its interest in the Australian Palace cinema joint venture, except for Carlton Nova.

Radio

Austereo ended the 2007 financial year with net profit before tax totalling \$66.9 million, up 13.5% on the prior year result of \$59.0 million.

This increased profitability, combined with a 10% share buy-back, resulted in a 17.2% increase in Austereo's earnings per share to 12.75 cents. The Group declared a fully franked final dividend of 5.2 cents per share bringing the total dividends for the year to 9.0 cents per share.

Austereo maintained its total audience leadership, including every under 54 radio audience demographic*. The group completed a strong year with number one FM stations in Sydney, Melbourne and Perth, number two in Brisbane and number three in Adelaide. Major new programmes were launched which, together with the consistent ratings, provide the foundation for continued growth.

Austereo boasts a line up of outstanding talent including *Hamish & Andy*, *Kyle and Jackie O*, *Marty Sheargold and Fifi Box*, *Tony Martin* and *Wil Anderson*.

In addition to its solid FM brands, Austereo continues to invest in online developments broadening its reach to online streaming, online sites and iPod downloads. It releases over 650,000 podcast programme downloads on average each month.

Austereo remains well advanced in planning for the launch of Digital Radio in January 2009.

VRL sold down its ownership in Austereo to its current position of 51.65% during the year. The profit arising from this transaction has not been recognised in the Income Statement as Austereo remains a subsidiary of VRL. The gain has been taken to other reserves on the balance sheet.

CAPITAL MANAGEMENT AND CORPORATE GOVERNANCE

The Board of Directors completed a number of important capital management initiatives during the year:

- A fully-franked special dividend of 34 cents per ordinary share and 37 cents per A Class preference share, totalling \$92.4 million.
- A capital return of 15 cents per ordinary share and 15 cents per A Class preference share, totalling \$39.3 million.
- On-market buy-backs of ordinary shares and A Class preference shares totalling \$59.3 million.

The total cash payments as a result of these capital management initiatives were \$191 million in the year ended 30 June 2007.

VRL has announced it will pay a fully-franked dividend of 9 cents per ordinary share and 12 cents per A Class preference share on 6 December 2007.

In line with the Directors' policy of bonus rates relating to future incentives and not retrospective rewards, the Executive Directors have decided not to accept the offer of an increase in short term bonuses for the June 2007 financial year which was announced to the market on 10 August 2007.

During the year VRL appointed David Evans and Robert Le Tet as non-executive board members. These appointments achieved the high priority goal of having a majority of independent directors. David Evans comes to VRL with considerable business and media experience, while Robert Le Tet brings VRL significant experience in broadcasting, films and entertainment.

Notes to the Consolidated Balance Sheet

Note 1. As at 30 June 2007, Austereo Group Limited reflect the carrying value of Radio Licences at cost of \$870.9 million. This value is supported by an independent valuation which is commissioned annually and updated six monthly. The carrying value of Radio Licences by Austereo Group Limited is currently below the lower end of the range of estimates provided by the independent valuer. The Village Roadshow Ltd. group has continued to record these Radio Licences at original cost of \$458.9 million. Both the \$870.9 million and \$458.9 million amounts referred to above represent 100% of the Radio Licences.

Notes to the Consolidated Statement of Cash Flows:

Note 1: For the purposes of the statement of cash flows, cash includes deposits at call with financial institutions and other highly liquid investments with short periods to maturities which are readily convertible to cash on hand and are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts.

Note 2: Payments to suppliers include amounts to acquire film copyrights from third parties. Revenues earned from these copyright assets are derived over several years hence significant timing differences in cash flows can occur. In the year ended 30 June 2007, \$320.6 million was expended on copyright assets (year ended 30 June 2006: \$260.3 million). Refer additional disclosure on Film Production Exploitation on page 27 of this Preliminary Final Report.

Note 3: In the year ended 30 June 2006, proceeds from (payment for) sale of property, plant & equipment were negative, being the payment made in relation to the disposal of the remaining cinema operations in the United Kingdom.

Note 4: Payment for purchases of equity investments in 2007 of \$279.6 million includes \$277.5 million for the acquisition of Theme Park interests – refer "Acquisition of Controlled Entities".

Note 5: Proceeds from sale of equity investments in 2007 of \$230.6 million includes \$92.8 million relating to Discontinued Operations – refer Item 12.1.

Note 6: The cash flows relating to discontinued operations are included in the consolidated statement of cash flows above, however cash balances for these discontinued operations are not shown as cash in the consolidated balance sheet (item 4.1), they are included in the total assets relating to discontinued operations (item 4.8). Refer also to the reconciliation of cash (items 8.1 to 8.7).

Acquisition of controlled entities

Acquisition of Australian Theme Parks interests

As detailed in the Company's 30 June 2006 financial report, on 29 May 2006 the Village Roadshow Limited group ("VRL group") acquired all of Warner Bros. interests in the previously jointly owned Australian Theme Parks for a payment of \$254.6 million. The transaction, which was effective on 3 July 2006, has resulted in the VRL group acquiring the companies which hold those interests and Warner Bros.' share of associated bank debt (\$64.5 million). The acquisition was funded by a drawdown on the VRL group bank facilities and from existing cash reserves. As a result of this transaction, the VRL group now owns 100% of:

- * Warner Bros. Movie World
- * Sea World
- * Wet 'n' Wild Water World
- * Australian Outback Spectacular
- * Paradise Country
- * Warner Roadshow Studios

As part of the above transaction, the VRL group also moved to a 50% ultimate ownership interest in the Sea World Nara Hotel, and subsequently, effective 30 September 2006, the VRL group also purchased the remaining 50% of shares in Sea World Nara for \$20.2 million plus the assumption of debt of approximately \$5.5 million.

As part of the initial acquisition, the Company has indirectly acquired the remaining 50% interests in Warner Village Theme Parks Partnership and W.V. Entertainment Pty Ltd by way of its acquisitions of the 100% shareholdings in WW Australia Pty Ltd. and WSW Operations Pty Ltd.

Discontinued Operations – Current Period

12.1 During the year ended 30 June 2007, the economic entity discontinued the cinema operations in Italy as a result of sale. In addition, the economic entity continued to wind down the cinema operations which were discontinued in prior periods, and it is noted that final residual matters in relation to Germany and Austria were completed during the year, and instalments of sale proceeds were received during the year relating to the sale of the New Zealand and Fiji cinema operations. The cinema operations of Germany, Austria and New Zealand/Fiji were classified as discontinued operations in previous financial years. The results of discontinued cinema operations are included in the Cinema Exhibition business segment. These disposals and cessation of activities are part of a major restructuring program which is aimed at improving the return on assets across the economic entity.

Notes:

¹ For primary segment reporting purposes, Leisure and Singapore Distribution business unit results are combined with Cinema Exhibition, the Australian and New Zealand Distribution results are separately reported as Film Distribution, and the Greece Distribution business unit results are included with the unallocated amounts. The definition of segment revenues, segment result, segment assets and segment liabilities restricts the segment disclosures to operating activities and therefore excludes certain financing and investment transactions. The 'unallocated' column therefore combines financial information which is not reported in one of the primary business segments and transactions excluded from the segment definitions. For assets, liabilities and equity-accounted investments, the unallocated column also includes amounts relating to discontinued operations. The exclusions from segment definitions are mainly comprised of interest revenue & profit on disposal of assets (excluded from Segment Revenue), interest revenue & expense, & profit/loss on disposal of assets (excluded from Segment Result), cash, investments which are not equity accounted, loans receivable (other than loans to associates) & tax assets (excluded from Segment Assets) and borrowings, loans payable (other than loans from associates) & tax liabilities (excluded from Segment Liabilities).

Note 1: As outlined in the segment reporting note, certain financing and investing transactions are excluded from the definition of 'segment result' under the revised AASB 114 *Segment Reporting*. These transactions, which comprise interest income, interest expense and profit or loss on sale of assets have been treated as unallocated for 'segment result' purposes, but are included in each segment's 'operating result' above. Operating result includes the items which are excluded from the new segment result definitions, and represents the basis under the previous segment accounting standard. EBITDA has been calculated from each segment's operating result.

Analysis of underlying EBITDA¹ from continuing operations – Cinema Exhibition

	Village Roadshow share	
	Current period \$A'000	Previous corresp. period \$A'000
Australia	29,429	24,710
Asia	5,837	5,660
Europe	4,735	2,789
Total	40,001	33,159

¹ Underlying EBITDA represents Village Roadshow's equity share of trading in each territory on a grossed-up basis, i.e. ignoring the effect of corporate structuring. Reported EBITDA differs from this because there are a number of partnerships/associates whose contribution to reported EBITDA is Village Roadshow's share of their post-tax profits.

EXTRACT OF RESULTS: FILM PRODUCTION EXPLOITATION

Income Statement

	2007 \$A'000	2006 \$A'000
Revenue from sale and exploitation of film productions (Note 1)	641,093	903,065
Expenses:		
Amortisation of film production costs (Note 2)	(168,508)	(277,521)
Other film expenses (Note 3)	(448,417)	(562,689)
Amortisation of capitalised borrowing costs (Note 4)	(61,676)	(60,822)
Amortisation of capitalised hedge borrowing costs (Note 5)	(6,618)	5,583
Other	(937)	(1,619)
Net profit (loss) from film exploitation	(45,063)	5,997

Note 1:

Sales Revenue consists of film hire revenue from box office attendances in addition to exploitation revenue from video/DVD and television. Excluded from this analysis are non-studio producer and overhead fees which have been eliminated on consolidation.

Note 2:

Film production costs are capitalised in the Balance Sheet and amortised in accordance with the measurement requirements of AASB 111: Construction Contracts. The progressive amortisation required is calculated to reflect expected ultimate profits on a pro-rata basis, dependent on the ratio of revenue earned to balance date as a percentage of total revenue expected to be earned over the lifetime of all films comprising the relevant film portfolio. In the event an ultimate loss is projected for all films in the portfolio, an amount equivalent to this loss will be amortised immediately. Revenue expected to be earned over the lifetime of each film includes theatrical, DVD/video & television streams.

Note 3:

Other film costs include prints and advertising expenses, sub-distribution fees, participations and residuals, studio participations and other direct film costs.

Note 4:

The amortisation of capitalised borrowing costs is included in the film exploitation profit calculation as a contract cost.

Note 5:

Fair value movements of derivatives directly attributable to the film portfolio are treated as borrowing costs and are included in the film exploitation profit calculations. The balance of the fair value movements of interest rate derivatives which are not treated as borrowing costs, and which do not qualify as effective cash flow hedges, are taken directly to net profit or loss for the year.

Note 5: Includes film acquisition costs of \$320.6 million (2006 \$260.3 million).

Basis of financial report preparation

19.1 A description of each event since the end of the current period which has had a material effect and which is not already reported elsewhere in this Appendix or in attachments, with financial effect quantified (if possible).

Acquisition of remaining 50% of Roadshow Distributors Pty. Ltd. group:

As advised to the Australian Securities Exchange on 15 August 2007, Village Roadshow Limited ("VRL") has concluded an agreement to acquire the 50% interest held by Amalgamated Holdings Ltd. ("AHD") in the previously jointly-owned Roadshow Distributors Pty. Ltd. ("RD") group.

Consideration for the purchase is \$95 million net of shareholder loans owing by AHD of \$34.4 million which will be repaid by VRL. The purchase price will be funded out of VRL's existing cash reserves and undrawn credit facilities.

Upon completion of the transaction, which will be effective from 25 July 2007, RD will be a wholly-owned subsidiary of VRL. The allocation of the total purchase price to the additional assets and liabilities acquired is still being determined.

19.2 Material factors affecting the revenues and expenses of the economic entity for the current period. In a half yearly report, provide explanatory comments about any seasonal or irregular factors affecting operations.

Refer narrative.

19.3 Franking credits available and prospects for paying fully or partly franked dividends for at least the next year.

It is anticipated that franking credits will be available to enable future dividends paid by the Company to be at least partly-franked.

19.4 Unless disclosed below, the accounting policies, estimation methods and measurement bases used in this report are the same as those used in the last annual report. Any changes in accounting policies, estimation methods and measurement bases since the last annual report are disclosed as follows. (Disclose changes and differences in the half yearly report in accordance with AASB 134: Interim Financial Reporting. Disclose changes in accounting policies in the preliminary final report in accordance with AASB 108: Accounting Policies, Changes in Accounting Estimate and Errors).

Voluntary changes in accounting policies

Subsequent to 30 June 2006, the Village Roadshow Limited group ("VRL Group") has clarified its accounting policy in relation to the treatment of capitalised borrowing costs to include the fair value movements of interest rate derivatives relating to the financing of the film production division. These changes have been applied retrospectively in accordance with AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors, therefore opening balances and comparative results have been adjusted accordingly.

(i) Summary of changes:

As advised to the Australian Securities Exchange on 3 January 2007, the VRL Group has clarified its accounting policy in relation to the treatment of capitalised borrowing costs to include the non-cash fair value movements of interest rate derivatives relating to the financing of the film production division. Previously, these derivatives were marked to market partially through the Income Statement in accordance with AASB 139 Financial Instruments: Recognition and Measurement. These unrealised derivative gains and losses will continue to fluctuate, however by the end of the hedging period will net to zero on a cumulative basis. The fair value movements on these derivatives were not previously recognised in accounting for the Film Production division's half-yearly and annual film portfolio exploitation profit.

Voluntary changes in accounting policies (continued)

(i) Summary of changes (continued):

Gains or losses arising from changes in the fair value of derivatives, except for those that qualify as effective cash flow hedges, continue to be taken directly to net profit or loss for the year in accordance with AASB 139.

Following the change in accounting policy, a component of the fair value movements will now be treated as capitalised borrowing costs and included in the Film Production division's film exploitation profit calculations. The VRL Group believes that this change will provide a more relevant and reliable reflection for the Film Production division results on a half-yearly and annual basis.

In addition, the VRL Group's accounting policy for Borrowing Costs (Note 1(c)(iii) in the 30 June 2006 Annual Report) stated that borrowing costs were expensed as incurred, and that costs attributable to borrowings used to finance capital works were not included in the cost of those works while those works were being completed. This has been clarified to state that borrowing costs are expensed as incurred, except where they are directly attributable to qualifying assets. Where directly attributable to a qualifying asset, borrowing costs are capitalised as part of the cost of that asset.

(ii) Amended accounting policy notes or extracts:

Amended accounting policy notes or extracts incorporating the above changes are detailed below (using the Note references shown in the VRL Group 30 June 2006 Annual Report):

Note 1(c)(iii) Borrowing Costs

Borrowing costs are expensed as incurred, except where they are directly attributable to qualifying assets. Where directly attributable to a qualifying asset, borrowing costs are capitalised as part of the cost of that asset.

Note 1(c)(xxviii) Film production

Producer & overhead fees receivable

Only producer & overhead fees receivable from parties other than Village Roadshow Films (BVI) Limited ("VRF") have been recognised as income, and producer & overhead fees receivable by the Village Roadshow Limited Group from VRF have been eliminated against the Film Cost asset shown in the Balance Sheet.

Recognition of film production revenue and expenses

Revenue and expenses – general

All revenue and expenses (except film production costs and capitalised borrowing costs) are recognised in the Income Statement as they are incurred. Revenue includes producer & overhead fees from parties other than VRF and film exploitation revenues. Expenses include prints & advertising, sub-distribution fees, participations & residuals, studio participations and divisional overheads.

Film production costs

Film production costs relate to the acquisition of film rights from third parties, in relation to all territories excluding USA and Canada.

Amortisation of film production costs

Film production costs are capitalised in the Balance Sheet and amortised in accordance with the measurement requirements of AASB 111 Construction Contracts. The progressive film production amortisation required is calculated to reflect expected ultimate profits on a pro-rata basis, dependent on the ratio of revenue earned to balance date as a percentage of total revenue expected to be earned over the lifetime of all films comprising the relevant film portfolio. In the event an ultimate loss is projected for all films in the portfolio, an amount equivalent to this loss will be amortised immediately. Revenue expected to be earned over the lifetime of each film includes theatrical, DVD/video & television streams.

Voluntary changes in accounting policies (continued)

(ii) Amended accounting policy notes or extracts (continued):

Derivative Financial Instruments and Hedging

Fair value interest rate derivative movements directly attributable to the film portfolio are treated as capitalised borrowing costs and are included in the film exploitation profit calculations. The balance of the fair value movements of interest rate derivatives which are not treated as capitalised borrowing costs, and which do not qualify as effective cash flow hedges, are taken directly to net profit or loss for the year. Refer also to Note 1(c)(viii) for the detailed accounting policy on derivative financial instruments and hedging.

Amortisation of Capitalised borrowing costs

The amortisation of capitalised borrowing costs is included in the film exploitation profit calculation.

(iii) Reconciliation of impact upon financial statements

The reconciliation of the impacts of the accounting policy changes is summarised below.

19.5 Revisions in estimates of amounts reported in previous interim periods. For half yearly reports the nature and amount of revisions in estimates of amounts reported in previous +annual reports if those revisions have a material effect in this half year.

N/A (except as disclosed at Item 19.4 above).

(a) Contingent Liabilities:

As noted in the 31 December 2006 Half-Year accounts, the following contingent liabilities at 30 June 2007 are materially different from those disclosed in the 30 June 2006 accounts:

- (i) Several corporate guarantees for operating lease commitments of associated entities (Note 22(a)(iv)(b) in the 30 June 2006 accounts):

As a result of the sale of the Cinema Exhibition operations in Italy, the contingent liabilities of \$116.6m relating to operating lease commitments have ceased.

As noted in the 31 December 2006 Half-Year accounts, other contingent liabilities at 30 June 2006 are not materially different from those disclosed in the 30 June 2006 accounts, including the following matter:

- (ii) Claim received from the service company of Mr. Peter Ziegler (Note 22(a)(xi) in the 30 June 2006 accounts):

As advised to the Australian Securities Exchange on 29 January 2007, the Supreme Court of Victoria ruled that all claims against Village Roadshow Limited ("VRL") by Orrong Strategies Pty. Ltd., the company of former executive Peter Ziegler, had failed. In addition, the Supreme Court held that the VRL counterclaim against Mr. Ziegler, Orrong Strategies Pty. Ltd. and another company associated with Mr. Ziegler, Remut Pty. Ltd. should succeed for an amount of approximately \$12.0 million.

In April 2007, VRL obtained a judgment against Mr Ziegler and his companies for approximately \$16.5 million (including approximately \$4.5 million interest). Mr Ziegler and his companies have appealed this judgment and the appeal is scheduled to be heard in 2008. Enforcement of the judgment has been stayed pending the outcome of the appeal.

Following the judgment, VRL has reduced its provisioning in relation to this matter by \$3.6 million (\$2.5 million after tax).

(b) Contingent Assets:

Contingent assets are materially different from those disclosed in the 30 June 2006 accounts as follows:

- (i) As detailed in Note (a)(ii) above, in April 2007 the Supreme Court held that an amount of approximately \$16.5 million should be paid to VRL. Mr Ziegler and his companies have appealed this judgment and the appeal is scheduled to be heard in 2008. Enforcement of the judgment has been stayed pending the outcome of the appeal.

19.7 All financial results for the years ended 30 June 2007 and 30 June 2006 are in accordance with the requirements of Australian Equivalents to International Financial Reporting Standards (AIFRS), following the change from previous Australian Accounting Standards effective from 1 July 2004.
